a Shared body, diverging spatial futures

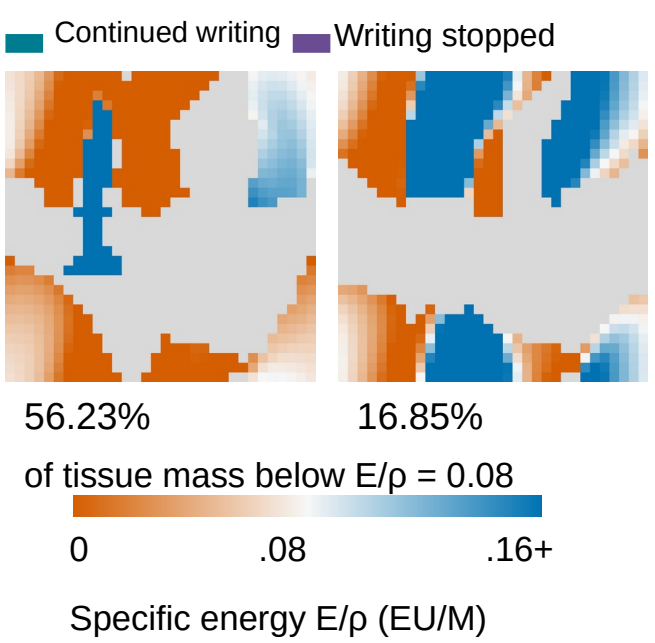

b Local state at 400

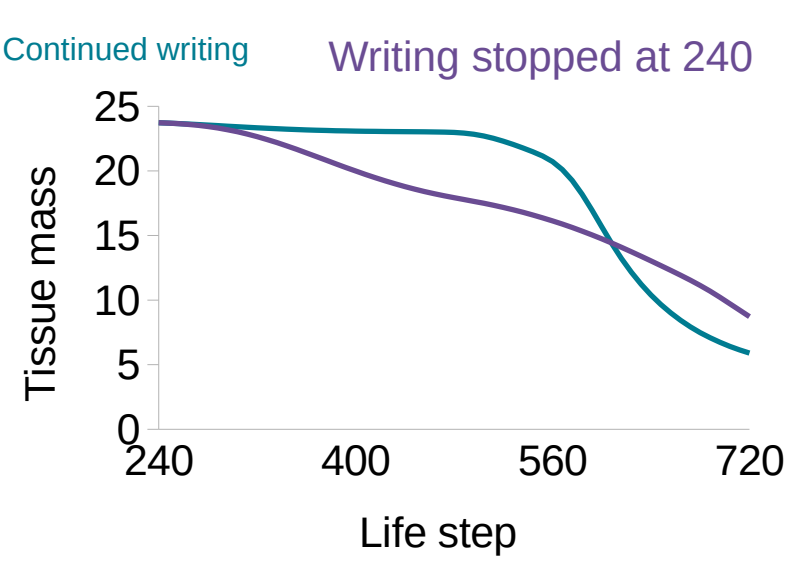

White: m ≈ 0
Grey: ρ < 0.001

c Local energy at 560

Grey: ρ < 0.001
White: E/ρ near 0.08

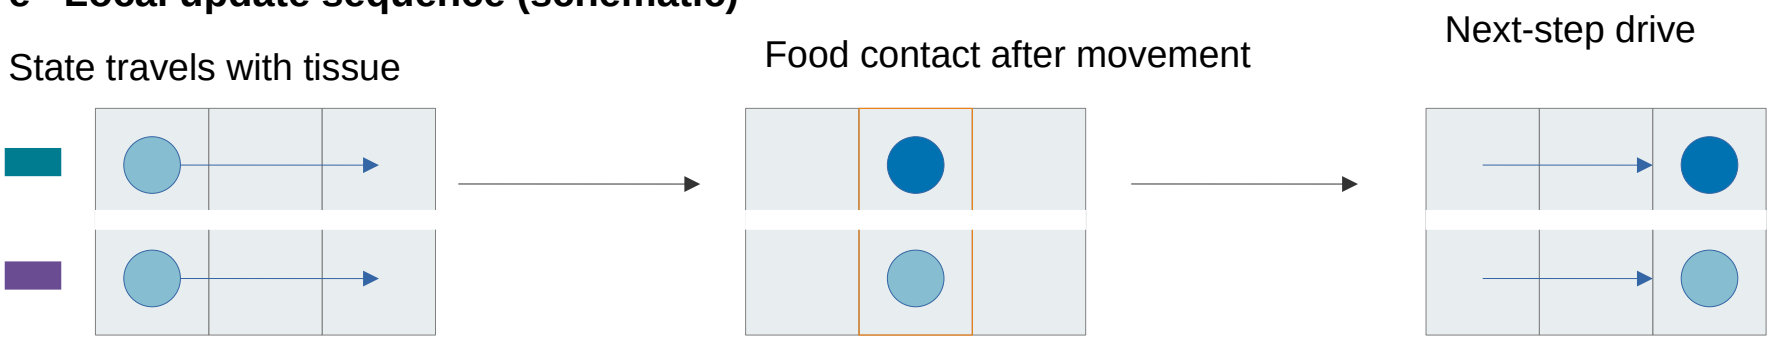

d Early advantage, late loss

240–720 losses: continued − stopped
Injury −6.062 | Starvation +8.889 M

E720 (EU): continued 4.755 | stopped 1.170

e Local update sequence (schematic)

Writing term off; z dynamics, m decay and transport remain active.
Schematic; arrows not to scale.
